Completed Business

- Officer terms were changed to four years to allow for equal presidential leadership between AAVD and ACVD and continuity in three-year conference cycles. Each three-year cycle will alternate between an ACVD-appointed president and an AAVD-appointed president.
- Site visits to Orlando and Dallas were completed for 2025 NAVDF consideration. Orlando was selected, though Dallas may be considered for a future site. The decision was based on superior accommodations and availability as well as the

2023 NAVDF exit survey that overwhelmingly favored a resort over an urban location.
