

## Detailed Program Description for ACVD Website (2023)

1. Program name and location:

Animal Dermatology Clinic – Dallas (applying for 1 resident position)  
4444 Trinity Mills Road, Suite 101  
Dallas, Texas 75287

2. Is the program currently on ACVD Probation? No

If yes, please describe the reasons for probation, what is being done to correct them, and when the program is scheduled to be off probation. N/A

3. Mentor(s): 3

a. Name: Reid Garfield, DVM, DACVD

1. Years in ACVD: 28 (since 2019)
2. Years as Mentor: 0 (new program)

b. Name: Karen Ho, DVM, DACVD

1. Years in ACVD: 3 (since 2019)
2. Years as Mentor: 0 (new program)

c. Name: Shanna Seals, DVM, DACVD

1. Years in ACVD: 7 (since 2015)
2. Years as Mentor: 0 (new program)

4. Specific requirements for applying to the program:

Established by the ACVD, the resident will:

1. Be a graduate of an approved college of veterinary medicine.
2. Have completed a one-year internship or satisfactory practice equivalency.
3. Be approved to practice veterinary medicine in the state of Texas.
4. Be a member of a national veterinary medical association (i.e. AVMA).
5. Be of satisfactory moral and ethical character including but not restricted to being honest and truthful, not be habitually intoxicated or addicted to drugs, and not to have been convicted of cruelty to animals.

**OBJECTIVES:**

1. To fulfill the requirements of a formalized residency program as set forth by the American College of Veterinary Dermatology.
2. To provide in-depth clinical training in veterinary dermatology.
3. To provide in-depth basic and applied science training in veterinary dermatology.
4. To conduct original research in the field of veterinary dermatology.
5. To meet the requirements of the ACVD credentials and education committees.
6. To obtain ACVD board certification.

5. Length of residency in years: 3
6. Is a Master's degree or PhD required? No  
If so, which: N/A
7. When was the residency first offered? New Program (Applying for 2023)  
Has it been continuous since then? N/A
8. How many residents have been accepted into the program since its inception? New program  
How many of these have become certified board-certified dermatologists? N/A
9. What is the average annual dermatology caseload for the institution over the past 5 years? cases per year  
Dallas: 3970
10. What is the average total caseload seen during the entire residency? (average cases annually times the number of years of residency)  
Dallas: 11,910
11. On average, how many new patients, rechecks, and consults does the program see per year? (give these in actual numbers of cases)  
Dallas:
  - a. New cases: 1,437
  - b. Rechecks: 2,533
  - c. Consults: We only keep track of consults from other services if the patient ultimately becomes an Animal Dermatology patient and our responsibility. The case is then applied to the categories above. Otherwise, consults are done on a continuous, as-needed basis and not tracked.
12. On average, what percentage of the program's cases are dogs and cats?  
  
Dallas:            dogs 89%                    cats 11%            equine <1%
13. On average, how many exotic, equine, and farm animal cases does the program see per year?  
Dallas:            Exotic 4            Equine 2                    Farm animals 0
14. What percentage of time is the mentor in clinics with the resident while the resident is seeing cases during the resident's first year, the second year, and third year?  
*(This means that the mentor is either physically seeing patients with the resident or can be contacted by phone and available to see the case within one hour of being called.)*  
Dallas: first year: 90%, second year: 75% and third year: 75%

15. Does the program have access to other specialists?

If so, please list:

Dallas: The Animal Dermatology Clinic is located in the Veterinary Specialty Center of North Texas. The specialty center includes the VCA Animal Diagnostic Clinic with oncology and critical care, the Dallas Veterinary Surgical Center, The Animal Ophthalmology Clinic, North Texas Animal Rehabilitation, and a regional IDEXX Veterinary Reference Laboratory. We have good working relationships with the other specialty practices and consult with each other and refer patients as needed.

16. Please describe your library access: University of Texas Southwestern Medical Center Library and the mentors and residents have access to the ACVD online library.

17. Does the program have statistical support for their residents' research projects? Not in-house.

18. Does the program have direct access to any basic science or clinical science laboratories that the resident can use for research proposes? No  
If yes, please describe the types of laboratories available and interactions that the resident may have with them: N/A

19. How often do the residents and mentors have the following rounds?

*(For each type of rounds, please list how often they are held, how long each session is, and a detailed description of how they are conducted.)*

- a. Case rounds: Resident has a one-on-one review of selected cases on a weekly basis. Each case referral letter is reviewed by a mentor in year one of the residency. Case rounds are also presented once monthly at Resident Review for four hours with selected mentors for residents.
- b. Journal Club: 4 hours per month of journal club review. This involves 1 ½ hours monthly of Journal Club at the Resident Training Day, 1 ½ hours per month at a phone journal club and 1 hour of self-directed reading and review of journal articles prepared by mentors.
- c. Histopathology training: Resident will have 1 ½ hours twice monthly of required didactic training and review of histopathology slides and review of basic histopathology anatomy conducted by board-certified veterinary pathologist. In addition, there is 1 hour of slide review per month directed by the pathologist with assigned questions and assessments.
- d. Basic science learning rounds: During the entire residency there are scientific presentations by residents and Diplomates as well as other reviews involving basic sciences 6 hours per month at the offsite Resident Training Day.

20. Resident's benefits: (Please give a general list of benefits and then whom a potential candidate should contact to get more specific information on salary and benefit packages): Two weeks of personal leave per year (vacation); professional dues for AVMA, AAVD, DCVMA (local association), Texas licensure; contribution to health insurance; and an option to participate in 401K plan (see hospital supervisor for details)
21. Does the program allow the resident to attend the NAVDF (North American Veterinary Dermatology Forum) meeting annually? Yes
22. Does the program pay for the resident to attend the NAVDF meeting annually? Yes
23. Average number of days a resident will spend on clinics per month: 16
24. Average number of days a resident will spend on non-clinical pursuits per month (not including Sundays or holidays): 6.75 days per month in the first two years, then 9 days per month in the third year of the program.
25. Does the resident have to take general medicine emergency duty? No  
If so how often: N/A
26. Does the resident take Dermatology emergency duty? No  
If so how often: N/A
27. Is time allotted for externships in other subspecialties or at other dermatology practices? Yes  
If so explain: Residents are encouraged to participate in a 2-week externship in the third year of their program
28. How much time is allotted off clinics for board preparation? The residency ends July 15<sup>th</sup> and the exam has been moved to November, which allows the resident 3.5 to 4 months to study after the completion of their program. Study time will be allotted if the resident decides to become an associate of the Animal Dermatology Clinic.
29. How much time is allotted to carry out a research project (grant writing, data collection, paper preparation) during the residency (please report in the number of weeks)? 12 weeks
30. What are the other responsibilities/duties of the resident? Residents must present assigned topics to the mentors and other residents every one to three months during their residency. These presentations must be complete with Power Point presentations and notes. Residents are provided with a critique following each presentation.
31. How many residents has the program had over the past 10 years? New program

32. How many/what percentage of the above residents (question 31) passed credentials on the:
- First submission: N/A
  - Second submission: N/A
  - Third submission or more: N/A
  - Never passed credentials: N/A
33. How many/what percentage of the above residents (question 31) sat boards for the first time:
- The year they finished their residency: N/A
  - One year after finishing their residency: N/A
  - Two or more years after finishing: N/A
  - They never took boards: N/A
34. How many / what percentage of the above residents (question 31) passed the board exam on their:
- First time taking the exam: N/A
  - Second time taking the exam: N/A
  - Third time or more taking the exam: N/A
  - Never passed: N/A
35. Is your residency program reviewed by an outside committee at your practice? Yes  
If yes how often? Yearly
36. Please list the papers published by your last 5 residents: New program
37. Names of your last 5 residents and whether they are willing to be contacted by potential residents: New program
